## THE VEGAS TOUCH

It isn't enough to be just a spa in Las Vegas. In a city of megaresorts, Michelin-starred restaurants and magnificent neon views, if it's happening in Vegas, it has to be extraordinary. These spas successfully serve up treatments and settings worthy of their surroundings.

### NEW TO THE SCENE

#### THE DRIFT SPA AT PALMS PLACE

Palms Place, a gleaming glass condo/hotel tower, has just opened a signature spa that gives Vegas its first royal Turkish *hammam*. This new 47-story masterpiece puts 20 treatment rooms on two floors of enticing ambiance in a 50,000-square-foot spread. Water is centerstage with inviting hot pools and underwater jets as well as cool dips beneath waterfalls and garden rinse showers. Guests can pamper themselves in couples spa suites, solitude suites, fun tubs and private relaxation areas or soak up the sunshine in open-air cabanas. Signature treatments include barefoot Ashitsu massage, hot stone massage, herbology, custom aromatherapy and bio-energetic medicine.
