## PALMS PLACE HOTEL AND SPA LAS VEGAS

Jessica Simpson, Eminem and KISS lead singer Paul Stanley have all bought property at hotelier George Maloof's 599-room condo hotel (building above right), the latest addition to the Palms Casino Resort. Celeb-worthy amenities include the glam Simon Restaurant & Lounge, which overlooks the chic pool; Las Vegas' first and only hammam

at the world-class Drift Spa; and stunning views of the glittering Strip. When inspiration calls, musicians need only head over to the Studio at the Palms, in the Fantasy Tower. Elton John, Celine Dion and Britney Spears have all worked their vocal cords at this state-of-the-art spot, accessible by a private, VIP elevator. (palmsplace.com; 866-942-7772)
